At a glance:

- **All-new modern**, attractive and robust **exterior styling**.
- More than **one million** Dacia Dusters already sold worldwide.
- **A completely redesigned interior, new equipment** and a host of other new features to be revealed at the 2017 Frankfurt Motor Show.
- **All-new Duster will be unveiled** at a press conference at the 2017 Frankfurt Show **at 11:10 am local time on September 12**.

Boulogne-Billancourt, August 30, 2017 – Dacia has renewed Duster, the brand's iconic SUV which boasts modern, all-new robust styling. Not only is All-New Duster as versatile as ever but it is also even more attractive and, with more than one million unit sales to its credit to date, a new chapter in the model's history is about to begin. Dacia will unveil All-new Duster at the 2017 Frankfurt Show.

All-new Duster's adventurer pedigree and ability to stray off the beaten track are expressed by the latest version's updated design. In keeping with the model's DNA, All-new Duster combines robust, muscular styling with a truly assertive personality that is emphasised by a brand-new body colour, Atacama Orange.

Front

- All-new Duster's distinctive grille extends to the head lights positioned at the car's extreme corners and makes the model appear wider.
- A new lighting signature including LED daytime running lights divided into three sections.
- The crease lines of the horizontal bonnet contribute to the vehicle's assertive stance.
- The larger, mass-coloured, satin-chrome-finish skid plate reinforces the car's adventurer credentials and is scratch-resistant to maintain its smart look.

Side

- The higher belt line adds to the impression of strength and occupant protection.
- The windscreen has been brought forward 100mm compared with the current Duster and is more steeply raked, which makes the cabin longer so it looks more spacious.
- The new aluminium roof bars, a frequent SUV hallmark, extend the line of the windscreen for a more dynamic profile.
- 17-inch wheels and prominent wheel arches.
- Black wing arch trims highlight the car's adventurer credentials.

Rear

- Voluminous haunches.
- Horizontal lines and lights positioned at the extreme corners to heighten the car's solid stance.
- Dacia's rear lighting signature – four red stacked squares – has been adapted for Duster.
- Wider, mass-coloured, satin-chrome-finish rear skid plate.

All-new Duster also features upgraded travelling comfort thanks to a completely redesigned, quality-feel interior and new equipment.

All-new Duster will be unveiled at a press conference on Dacia's stand at the 2017 Frankfurt Motor Show at 11:10 am local time on September 12, in the presence of Jean-Christophe Kugler, Executive Vice-President, Chairman of Europe Region. Those who can't be in Frankfurt will be able to follow the press conference live on groupe.renault.com.

If you would like to interview, during the show, Dacia executives from Corporate Design, Product Planning or Sales & Marketing, please forward your requests now to: Orianne Tamburini: orianne.tamburini@renault.com / +33 6 26 63 28 14.
