DACIA BROADENS ITS OFFER OF ECONOMICAL AND ECOLOGICAL ENGINES

In keeping with its environmental strategy illustrated by the "Dacia eco²" signature launched at the 2008 Paris Motor Show, Dacia is now broadening its offer of economical and ecological engines. During 2009, Dacia will introduce new versions running with alternative energies: Sandero and Logan 1.4 LPG, Logan MCV 1.6 LPG, Sandero 1.6 E85 bioethanol. Sandero and Logan will also be available with a new petrol engine, the 1.2 16V 75hp, with limited CO2 emissions of 139g/km.
